Welcome to Chandra Ayurveda Wellness Center and Clinic. As you know, I am a practitioner of Ayurveda. I am not a licensed physician, nor are Ayurveda services licensed by the state. Ayurveda is the 5000-year-old Wisdom of Healthy living. It is a way of natural healing and emphasizes on maintaining the harmony of Body-Mind-Spirit through diet, life style, and natural herbs. In Ayurveda the emphasis is not on a disease but on maintaining the balance of individual Body Constitution, so Ayurvedic treatments are never one size fits all, but they are custom tailored for each individual need. Chandra Ayurveda is primarily a training institution and the services our wellness center provide are for education purposes. As a training institution we will provide you with the following kinds of services:

- Body - Constitutional analysis
- Diet and the life style counseling
- Ayurvedic body techniques
- Yoga and meditation Practices

Our method of treatment in Ayurveda is alternative or complementary to conventional medicine. If you ever have any concerns about the nature of your Ayurvedic services, please feel free to discuss them with us. We recommend that you inform your medical doctor that you are receiving Ayurvedic advises.

I have read and understood the above disclosure about the Ayurvedic services offered by Practitioners of Chandra Ayurveda Wellness Center and Clinic. I have discussed with them, the nature of the services to be provided. I understand that Annette Shellenbarger of Chandra Ayurveda is not a licensed physician and that Ayurvedic services are not licensed by the state.
